STEP 3

MOUNT THE CAMERA

- 1 Mount the camera with **screws**, or click it onto a steel surface using the optional **magnetic mount**.
- 2 Rotate the camera in any direction via the **360° control** in the Eufy app.
- 3 Place the optional **solar panel** in a sunny spot — preferably facing south — for optimal performance. The camera also works without it.

Do not reset

Never press the reset button. Activation requires a full reinstallation by Horse Watch.
