Solutions for the most common issues

THE LIGHT RING

WHAT THE RING MEANS

- **Green** — connected, another unit is in range. At power on: battery above 70%.
- **Yellow** at power on — battery between 30 and 70%.
- **Red** — battery almost empty: charge it.
- **White** — not paired. Pair the units again (see the separate sheet or the full manual).
- **Cyan** — paired, but the others are too far away (max. 700 m).
- **Blue, rotating** — searching for a Bluetooth headset.
- **Magenta** — microphone is off. A short press on the main button turns it back on.
- **4 LEDs flashing** — key lock on. Plus and minus together for 3 seconds turns it off.

The CeeCoach **Plus** only works with other Plus units, not with CeeCoach 1 or 2. All units in a group need the same software.

STILL STUCK?

Don't just reset the units: after a reset they're no longer paired. Call or WhatsApp us on +31 (0)418 51 60 28.

MANUAL · EN

CEE COACH PLUS

Quick start in three steps.

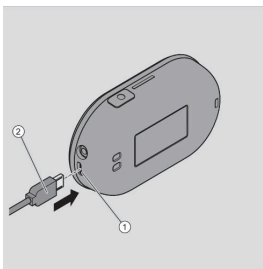

01

STEP 1

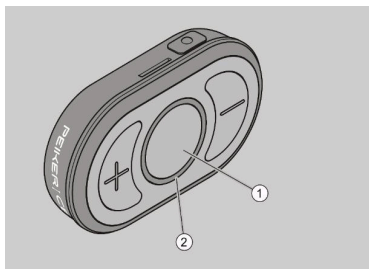

CHARGE AND POWER ON

- 1 **Charge the units** with the USB-C cable (socket under the flap on the side). Full in 3 hours, good for 18 hours of talking.
- 2 **Power on:** hold the main button (the big round button) for 3 seconds. You hear *"Power on"*; the ring briefly shows the battery level.
- 3 **Power off:** hold the main button for 3 seconds again, until *"Power off"*.

CHARGING · USB-C

ON/OFF · MAIN BUTTON

Already paired on delivery

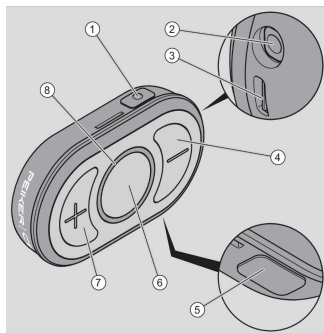

We've already paired your units. Just power on: once the ring flashes green, you can hear each other.

02

STEP 2

HOW TO USE IT

BUTTONS & CONNECTIONS

- | | |
|--|-------------------------------------|
| 1 Top function button — pairing | 2 Headset — 3.5 mm |
| 3 USB-C — charging | 4 Minus — softer |
| 5 Side function button — pairing, Bluetooth | 6 Main button — on/off, mute |
| 7 Plus — louder | 8 Light ring — status |

Volume — plus is louder, minus is softer.

Microphone off — short press on the main button; ring flashes magenta. Press again: back on.

Key lock — plus and minus together for 3 seconds; four LEDs flash. Same combination turns it off.

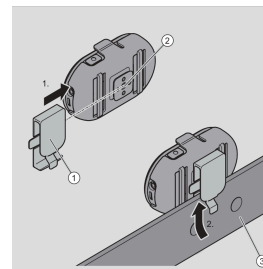

03

STEP 3

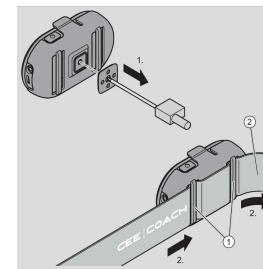

HEADSET AND WEARING

- 1 **Wired headset:** plug it into the 3.5 mm socket on top of the unit. Wear headset and unit on the same side of your body.
- 2 **Bluetooth headset or earphones?** Headset in pairing mode, then the side function button: the ring rotates blue until connected. See the separate "Bluetooth headset" sheet.
- 3 **Wearing:** click the bracket onto the belt clip or armband, slide the unit in. Rider: upper arm. Instructor: belt.

BELT CLIP

ARMBAND

Adding a unit?

Always pair the whole group at once: press both function buttons on all units within 30 seconds. Step by step on the separate "Pairing new units" sheet.
